EDUCATION

University of Illinois

Urbana-Champaign, IL

Bachelor of Science in Computer Science. GPA 3.96

Expected May 2028

Minor in Mathematics, Dean's List, Scott Elizabeth Scholarship

Additional Education: Harvard University, Saint Louis University, Southwestern Illinois College

EXPERIENCE

Weissman

St. Louis, MO

IT Co-op/Intern

June 2026 – Current

Engineered Python-based web scraping pipelines to extract competitor intelligence, structuring the data to uncover untapped target markets and directly drive customer acquisition. Developed predictive models in Python to project revenue and item-level demand. Designed custom automations to generate automated sprint reports and automated company notifications, eliminating manual overhead and optimizing team resource delegation. Streamlined project tracking pipelines by diagnosing and resolving Jira data-rendering bugs to eliminate user-input bottlenecks.

PROJECTS

Quantum Chess

April 2026 – July 2026

Independently designed and built Quantum Chess from the ground up, first developing a complete custom chess engine in Python before implementing quantum mechanics-based game logic.

Undertook the project without external frameworks, strengthening my skills in algorithmic design and full-stack development.

Sports Analytics Society

Urbana-Champaign, IL

Co-Lead Project Developer

Sep 2025 – Jan 2026

Independently developed the core neural network model for a sports betting platform using TensorFlow and Keras to predict individual player performances in professional sports. After the conclusion of the project, I maintained the model for personal sports analysis.

Introduction to Data Science Project

Harvard, MA | June 2024

Completed an accelerated data science program at Harvard University. Applied Python libraries including Pandas, NumPy, and Matplotlib to develop data visualization projects analyzing performance trends in the real world, such as Olympic Track and Field.

SKILLS

Technical - Python (Expert), Java (Advanced), C++ (Advanced), Ruby (Advanced), JavaScript (Intermediate), HTML (Basic), CSS (Basic), SQL (Expert), Excel (Expert), Word (Advanced), PowerPoint (Advanced), Git (Advanced), Docker (Advanced), NodeJS (Advanced), AutoCAD (Advanced)

INVOLVEMENT and LEADERSHIP

University of Illinois

Illinois Track and Field Club - Competitor

2025 - 2026

Sports Analytics Society - Co-Lead Project Developer

2025 - 2026
